Communist Aid to Non-Communist Less Developed Countries, 1980

Preface

This handbook provides data on Communist military and economic aid activities in the less developed countries (LDCs). It serves as an annex to an assessment of major developments in Communist-LDC military and economic aid relationships in 1980 which will be issued under a separate cover.

The statistics in this handbook update and supersede those in our previous publications.

The term *Communist countries* refers to the following donor countries: the USSR, China, Bulgaria, Czechoslovakia, East Germany, Hungary, Poland, Romania, Cuba, North Korea, and Yugoslavia.

The term *less developed countries* includes the following recipient countries: (1) all countries of Africa except the Republic of South Africa; (2) all countries of East Asia except Hong Kong and Japan; (3) Malta, Portugal, and Spain in Europe; (4) all countries in Latin America except Cuba; and (5) all countries in the Middle East and South Asia, except Israel. Kampuchea, Laos, and Vietnam, which became Communist countries in 1975, are reported on for prior years for historical reasons.

The term *extension* refers to a commitment to provide goods and services, either on deferred payment terms or as grants. Assistance is considered to have been extended when accords are initialed and constitute a formal declaration of intent. For economic aid, credits with repayment terms of five years or more are included. Where terms are known, the credits are designated as "trade credits" if amortization is less than 10 years. For military transactions, all sales are included—whether for cash or provided under credits or grants. The term *drawings* refers to the delivery of goods or the use of services.

As to individual table entries, the term *NEGL* refers to a value of less than $500,000; *NA* indicates an agreement was signed, but the value was not known; two dots (..) indicate we have no information and presume the value is zero.

Until 1975 the annual review of Communist military and economic aid activities was covered in the R-14 report series, *Aid and Trade Activities of Communist Countries in Less Developed Areas of the Free World*, prepared under the aegis of the Subcommittee on International Trade and Aid of the Economic Intelligence Committee, USIB. The subcommittee was abolished on 1 October 1974.

Communist Military Agreements with LDCs:
Agreements Concluded and Equipment Delivered, 1955-80 (a) (Continued)

a. Values of military agreements and deliveries are based on Communist donor export prices and are adjusted for changes in the dollar value of the currencies denominated in foreign trade transactions. In cases where actual values are not known, Soviet export prices of similar equipment are used as surrogates. As a result of a new study -- completed in early 1980 -- showing a marked, across-the-board rise in export prices for Soviet equipment sold to LDCs since 1973, the figures for 1974-79 were revalued in the 1979 publication to reflect the higher export charges and new estimates of sales volume.

b. Excluding Cuban, North Korean and Yugoslav agreements totaling $2.9 billion and deliveries totaling $1.7 billion.

c. Excluding aid to Algeria before independence in 1962.

[redacted]

f. Aid transactions prior to formation of the Communist government in 1975.

g. Outstanding orders for most equipment were canceled when the programs became inactive.

h. Excluding Soviet equipment transfers used exclusively by Soviet troops.

a. When actual agreement values are not reported, minimum totals are derived by costing (at current US dollar list prices) the equipment ordered under the agreement; where equipment details are lacking, agreement estimates are based on available information on the magnitude of the contract. The estimated value does not include credits for construction of military installations and airfields, which in some cases may be carried under economic assistance arrangements. The values for most agreements signed after 1971 have been revised periodically to reflect new price and volume information , and the changed dollar value of foreign denominated trade currencies.

b. Cash payments include downpayments required at contract signing or cash for commercial sales. These numbers are minimum estimates. Since October 1973, a large portion of Middle Eastern arms supplies are being financed by Arab oil producers.

c. Discounts are listed as the equivalent of grant aid, often estimated.

d. Afghanistan has also received credits valued at nearly $24 million from the USSR for the construction of airfields.

e. Excluding arms provided the Algerian rebel government prior to independence.

f. Minimum estimate.

h. Excluding $8 million in Soviet aid that is not expected to be drawn.

i. Ghana also received credits valued at $13 million for construction of an ammunition plant and an airfield from Czechoslovakia and the USSR, respectively.

Table 6

j. Agreement for MIG-21 FL production in India is dated at the time a license for manufacture was issued. The credit portion covers license and imports of jigs, tools, and fixtures; the downpayment portion covers imports of aircraft components and raw materials for assembly and production. The value of agreement for production of Atoll air-to-air missiles has not been ascertained.

k. Agreement for MIG-21 M production in India is dated at the time a license for manufacture was issued.

m. Excludes more than $9 million worth of Chinese ground forces ordnance and other military equipment received by Kampuchea from December 1966 to July 1969 as a fee for handling transshipment of arms to the North Vietnamese through Sihanoukville. Kampuchea also received economic aid of $1.3 million from Czechoslovakia for the construction of an ammunition plant.

n. North Yemen also received $5 million from the USSR for the construction of an airfield.

NORTH AFRICA: SUMMARY OF INFORMATION ON COMMUNIST ECONOMIC CREDITS AND GRANTS TO LESS DEVELOPED COUNTRIES BY DATE EXTENDED, 1954 - DECEMBER 1980 (CONTINUED)

NOTE: Credits on which repayment terms are known to be less concessionary than those normally associated with aid (25 percent grant element) have been designated as trade credits. We have included in this category those credits repayable in a minimum of five years (which do not meet the aid criteria) and are clearly designed to promote trade.

* Symbols used in table 21 have the following meanings: S - under survey, UC - under construction or being implemented, CS - construction suspended, and C - completed.

**This aid comes under framework agreements which call for long-term economic cooperation without identifying specific projects or the value of assistance to be provided. With few exceptions, these agreements appear to be open-ended. As credits are assigned to specific projects under the framework agreements, they will be listed separately by date and will be identified with a double asterisk (**) preceding the entry.

(A) The amount extended reflects an adjustment for downpayments.

(B) The amount extended is estimated.

(C) The amount extended is not known.

(D) Includes $10.0 million of credits originally extended in 1975.

This table is [ ].

TABLE 22

SUB-SAHARAN AFRICA: SUMMARY OF INFORMATION ON COMMUNIST ECONOMIC CREDITS AND GRANTS TO LESS DEVELOPED COUNTRIES BY DATE EXTENDED, 1954 - DECEMBER 1980 (CONTINUED)

NOTE: Credits on which repayment terms are known to be less concessionary than those normally associated with aid (25 percent grant element) have been designated as trade credits. We have included in this category those credits repayable in a minimum of five years (which do not meet the aid criteria) and are clearly designed to promote trade.

* Symbols used in table 22 have the following meanings: S - under survey, UC - under construction or being implemented, CS - construction suspended, and C - completed.

**This aid comes under framework agreements which call for long-term economic cooperation without identifying specific projects or the value of assistance to be provided. With few exceptions, these agreements appear to be open-ended. As credits are assigned to specific projects under the framework agreements, they will be listed separately by date and will be identified with a double asterisk (**) preceding the entry.

(A) The amount extended is estimated.

(B) The amount extended is not known.

(C) The amount extended reflects an adjustment for downpayments.

(D) A 1971 protocol to the June 1961 agreement turned $13.8 million of the $44.4 million project aid into a grant and $1.3 million of a $7.8 million commodity credit into a grant.

(E) For Zanzibar only.

(F) Includes $2.2 million for state bank.

(G) The agreement to extend credit for building the railroad was signed in September 1967, but the amount of the credit was not agreed to until July 1970 after surveys had been completed. Drawings on the credit are retroactive to 1968.

TABLE 23

EAST ASIA: SUMMARY OF INFORMATION ON COMMUNIST ECONOMIC CREDITS AND GRANTS TO LESS DEVELOPED COUNTRIES BY DATE EXTENDED, 1954 - DECEMBER 1980 (CONTINUED)

NOTE: Credits on which repayment terms are known to be less concessionary than those normally associated with aid (25 percent grant element) have been designated as trade credits. We have included in this category those credits repayable in a minimum of five years (which do not meet the aid criteria) and are clearly designed to promote trade.

* Symbols used in table 23 have the following meanings: S - under survey, UC - under construction or being implemented, CS - construction suspended, C - completed, PC - project cancelled, CC - construction completed by Less Developed Country or Western Country.

**This aid comes under framework agreements which call for long-term economic cooperation without identifying specific projects or the value of assistance to be provided. With few exceptions, these agreements appear to be open-ended. As credits are assigned to specific projects under the framework agreements, they will be listed separately by date and will be identified with a double asterisk (**) preceding the entry.

(A) The amount extended reflects an adjustment for downpayments.

(B) Credit of $84.0 million extended in 1961 reduced to level of drawings to reflect Burmese takeover following expulsion of Chinese in 1968. The undrawn portion was re-extended in 1971.

(C) Credit of $30.0 million extended in 1961, the credit of $50.0 million extended in January 1965 and grant of $16.0 million extended in September 1965 are reduced to the level of drawings at the time of the abortive coup in 1965 when the Chinese were expelled and their work on projects cancelled.

(D) The 1956 credit and protocol of 1959 were reduced from $100 million and $5.6 million credits to amount drawn at the time the credits expired in 1964. The 1960 credit of $210 million, reduced from the original $350 million by transfer of $40 million to the military account, also was reduced to reflect drawings at the time credit expired in 1967.

(E) During 1975, Kampuchea and Laos announced the formation of Communist governments and their future relations with other Communist countries will not be detailed in this publication.

(F) Includes only aid extended after formation of the Laos coalition government under the Geneva accord of July 1962. Undelivered commitments of $2.2 million grant and $3.9 million credits extended by the USSR in 1962 have been deleted. A line of credit for $4.0 million extended by Communist China in 1962 but never drawn also has been deleted.

(G) The amount extended is not known.

NOTE: Credits on which repayment terms are known to be less concessionary than those normally associated with aid (25 percent grant element) have been designated as trade credits. We have included in this category those credits repayable in a minimum of five years (which do not meet the aid criteria) and are clearly designed to promote trade.

* Symbols used in table 25 have the following meanings: S - under survey, UC - under construction or being implemented, CS - construction suspended, C - completed, and SS - survey suspended.

**This aid comes under framework agreements which call for long-term economic cooperation without identifying specific projects or the value of assistance to be provided. With few exceptions, these agreements appear to be open-ended. As credits are assigned to specific projects under the framework agreements, they will be listed separately by date and will be identified with a double asterisk (**) preceding the entry.

(A) The amount extended reflects an adjustment for downpayments.

(B) Credit is openended. Additional amounts will be added as contracts are signed.

(C) Original credit of $15 million, extended in 1965, reduced to the amount drawn at the time the credit expired in 1968.

(D) Original credit of $100 million, extended in 1958, reduced to the amount drawn at the time the credit expired in 1961.

(E) Soviet credit extensions for the Salto Grande project are split 60 percent to Argentina and 40 percent to Uruguay and repayment responsibility is divided in this manner.

(F) Minimum estimated value.

(G) Original credit of $40 million reduced to amount drawn by 1975.

(H) Original credit of $50 million reduced to amount drawn by 1975.

(I) The amount extended is not known.

NOTE: Credits on which repayment terms are known to be less concessionary than those normally associated with aid (25 percent grant element) have been designated as trade credits. We have included in this category those credits repayable in a minimum of five years (which do not meet the aid criteria) and are clearly designed to promote trade.

* Symbols used in table 26 have the following meanings: S - under survey, UC - under construction or being implemented, CS - construction suspended, and C - completed.

**This aid comes under framework agreements which call for long-term economic cooperation without identifying specific projects or the value of assistance to be provided. With few exceptions, these agreements appear to be open-ended. As credits are assigned to specific projects under the framework agreements, they will be listed separately by date and will be identified with a double asterisk (**) preceding the entry.

(A) The amount extended reflects an adjustment for downpayments.

(B) In 1980 the 1964 credit was reduced to the level of drawings, and the credit, originally denominated in Swiss franks, was reinstated at the new dollar-frank rate.

(C) Credit originally for $225.0 million reduced by $9.0 million, the amount saved during construction.

(D) Includes $44.4 million of credits originally extended in 1963, but incorporated in the line of credit in 1964.

(E) Minimum estimated value.

(F) The amount extended is not known.

(G) Credit, originally for $84.0 million, was for delivery of 33 ships; it was reduced to the amount delivered by 1969 because the contract was believed to have been cancelled. This amount also reflects an adjustment for down payment.

TABLE 26

MIDDLE EAST: SUMMARY OF INFORMATION ON COMMUNIST ECONOMIC CREDITS AND GRANTS TO LESS DEVELOPED COUNTRIES BY DATE EXTENDED, 1954 - DECEMBER 1980 (CONTINUED)

(H) The $20 million agreement signed in 1972 is believed to include a $10 million credit extended in 1967 for similar projects.

(I) Subsumed $5.5 million credit extended in 1969.

(J) Extended to replace $25 million 1969 credit that expired in 1975.

(K) Extended to replace $15 million 1962 credit that expired in 1964.

(L) Value of individual projects will be determined by separate agreements.

TABLE 27

SOUTH ASIA: SUMMARY OF INFORMATION ON COMMUNIST ECONOMIC CREDITS AND GRANTS TO LESS DEVELOPED COUNTRIES BY DATE EXTENDED, 1954 - DECEMBER 1980 (CONTINUED)

NOTE: Credits on which repayment terms are known to be less concessionary than those normally associated with aid (25 percent grant element) have been designated as trade credits. We have included in this category those credits repayable in a minimum of five years (which do not meet the aid criteria) and are clearly designed to promote trade.

* Symbols used in table 27 have the following meanings: S - under survey, UC - under construction or being implemented, CS - construction suspended, and C - completed.

(A) The amount extended reflects an adjustment for downpayments.

(B) The amount extended is not known.

(C) Minimum estimated value.

(D) Additional credits for these projects were extended in 1962.

(E) Credits extended to Pakistan prior to December 1961 known to have been designated for use in the eastern sector have been deducted from amounts originally extended to Pakistan and reallocated to Bangladesh.

(F) Original credit of $12.0 million was cancelled December, 1975, and reduced to level of drawings.

(G) These credits previously extended to Pakistan; reinstated in 1971.

(H) Credit expired on 31 March 1972, reduced from original $84 million to $66.7 million, the amount obligated by that date.

(I) The agreement does not establish a limit to the amount of assistance. New projects may be added in the future.

(J) Converted from credits to grants in 1972.

(K) Includes $44 million of unused credits provided in 1966.
